Local Phone Situation Is Acute

SENATORS WILL FIGHT THE PRESIDENT MONDAY

Will Contest Ratification-Man Claims Phone Strike Killed Wife—Carmen Get Raise, Also Ford Employees—World News

WASHINGTON, July 11.—With the Senate in possession of the peace treaty and its League of Nations covenant but with sessions adjourned until Monday, advocates and opponents of the league today began preparations for the ratification contest which is expected to engage the attention of the Senate for weeks.

Both sides expect to hold informal, preliminary conferences today, preparatory to the initial meeting Monday of the Foreign Relations Committee, to which the treaty was sent yesterday after it had been laid before the Senate by President Wilson.

Phelan's Opinion

"The President justified the necessity for a league to prevent war. He said practically the facts stood in the way of a realization of ideals. It is unfortunate that certain existing legal rights of the belligerents proved obstacles to a more perfect peace and covenant, but a beginning had to be made. The peace of the world is no easy task and involves sacrifices."

"DEAD" TELEPHONE KILLED HIS WIFE

"The telephone strike killed my wife." So declared William Day, 628 Ellis street, San Francisco, yesterday afternoon, as he sat brooding over the futility of a lone nine-hour fight against death—a single handed struggle in his home last night and early this morning to save the life of his wife, Mrs. M. E. Day, well known employment agent, who had inhaled gas with suicidal intent.

During the nine hours in which Day tried in vain to bring back the spark of life, he tried again and again to telephone to a doctor or send for an ambulance.

"But I couldn't even raise central," he said this afternoon. "I ran back and forth to the telephone. It was dead. There was no central to answer. It was the telephone strike that killed my wife."

FORD IS TO RAISE EMPLOYES WAGES

WOUNT CLEMENS, Mich., July 11.—It was learned on authority here today that Henry Ford has decided to increase the minimum wage of Ford Motor Co. employes to $7 a day. It is believed the new minimum will be put in effect soon, probably by August 1 or thereabouts.

MANY PRO-GERMANS IN FORD FACTORY

MOUNT CLEMENS, Mich., July 11.—That Charles Evans Hughes, former supreme court justice, was sent to Detroit to investigate charges of pro-Germanism made against Carl Emde, an executive in the Ford Motor Company's plant, was brought out in the cross-questioning of Edsel B. Ford, president of the company, who was the chief witness at the trial of the Ford-Tribune libel suit today.

ELKS ARE TO WAR ON BAD BOLSHEVIKS

ATLANTIC CITY, N. J., July 11.—Frank L. Rain, Nebraska, who was installed grand exalted ruler of the Benevolent and Protective Order of Elks at the closing session of the annual convention here today, declared in an address that he pledged the support of all Elks in the warfare on Bolshevism. Other officers, most of whom were re-elected, were also installed.

MEAT PACKERS ARE ROBBING THE PEOPLE

Prohibitive prices for beef are being unnecessarily charged by the meat distributors with the public and the California cattlemen the victims, according to L. A. Nares of Fresno, president of the California Cattlemen's Association.

The cattlemen, according to Nares, are suffering great financial loss because of over-production and through the campaign needlessly.

STREET CAR MEN TO GET WAGE RAISE

Resolutions asking the supervisors of San Francisco to increase the pay of the municipal railroad employes 50 cents a day were adopted today by the Board of Works yesterday.

This increase is for all platform and track men, for the inspectors and a few of the clerks.

140 CHILDREN ATTEND VACATION BIBLE SCHOOL

"Thou didst manifest thyself to the Shepherds in the voice of singing and to the wise men in the gleam of a star, but to us thou art revealed in the joy and peace of our daily life."

That is the kind of joy and peace that 140 children, enrolled at the Daily Vacation Bible School at the Presbyterian Church, are learning to take into their lives. Children from the ages of 4 to 14 are enrolled and everyone enjoys the work.

The first hour they have Bible stories and memory verses, singing and yells. You just ought to hear them yell. They are having a contest for a prize given for the best yell and song.

There are 40 D. V. B. schools around the bay and this Saturday they are all going on a picnic to Pine Hurst, where there will be big fun all planned for them. Next Saturday they hike to Grizzly.

There will be special services at the Presbyterian Church Sunday night for the D. V. B. S. children and their parents.

The girls, under the supervision of Mrs. Chas. Banton, have made aprons and table mats. The boys, under Miss Schlaman, are making duck rocking chairs and aeroplanes and the little ones make houses out of tooth-picks and peas or paper; also baby Moseses in his basket out of clay.

Mrs. W. S. Poage, with the help of Mrs. Anna W. Hanenschild, has charge of the kindergarten.

There will be only two more weeks of school.

CITIZENS ASK DELAY IN PARK

Some Citizens Are Afraid That the County Road Bonds, Harbor Bonds and Park Purchase Cannot All Win With the People and That the Park Plan Better Wait.

A delegation of citizens who are large taxpayers in Richmond called at the News office yesterday and asked that we give thought and publicity to the coming bond issue elections and the purchase of Grand Canyon park by the city at the sum of $150,000. They suggested that both the county road bonds and the harbor bonds were very important, the latter vital to the best interests of the city, and were afraid that if on top of all this the city undertakes to pay out $150,000 for Grand Canyon Park it would have the effect, perhaps, of killing the harbor bond issue.

They suggested, also, that the city could ill afford at this time to take any chances on killing off the bond issue necessary to the completion of the harbor project, and that it would be a good plan to delay the park matter just now, under all the circumstances, and appoint a committee to look over the field for a site that would answer the purpose and cost much less. They said the Dooling tract out 23rd street of twenty acres could be purchased for about $30,000, the Betts property out toward San Pablo procured at reasonable figures, and that there were a number of other sites, purchasable for from $25,000 up and which could be improved later on at leasure. These gentlemen said they understood Grand Canyon Park was to be bought by the city and figured into the coming budget by the board of equalization of the council.

The 'phones were not working and we could not get Mayor Long or any of the Councilmen on the matter, and so do not know anything about that part of it. We simply give the opinion of the gentlemen, who are prominent people here, for what it may be worth and as a matter of news.

The county road bonds should be voted; also the harbor bonds; and the city certainly needs a city park and needs it bad, but if the latter would interfere with the voting of the bonds for the other project, then, in that event, the logic of the gentlemen is good.

DAILY LOCAL LAFF

Judge Dan Hall tells this one on Charley Donnelly: He says he dreamed he went to Heaven the other night, and while standing around waiting for Saint Peter to either check him in or send him down the back elevator, who should walk in, as large as life and twice as natural, but Charley Donnelly. Saint Peter inquired in his regular tone("Who may you be?" "Me? Why, I'm Charley Donnelly, of Richmond, street car manager there and county coroner." Saint Peter evinced considerable interest at once, and turning to an important personage in a seat of honor he said: "Here, Saint Patrick, get up out of that and give Mr. Donnelly a seat."

Judge says he was pleased upon awakening to find it but a dream, but also glad Friend Donnelly stood so well with the powers that be.

NO MORE HELP FROM WILSON FOR MOONEY

WASHINGTON, July 12.—Mrs. Rena Mooney, wife of Thomas J. Mooney, who is serving a life sentence after his conviction in connection with the preparedness day bomb eplosion in San Francisco, called at the White House today and conferred with Secretary Tumulty. It was understood she desired to see President Wilson in the interest of her husband.

Secretary Tumulty explained to Mrs. Mooney that the president had done everything it was possible for him to do in the case of her husband. He added, however, that the president would be willing to receive and read any petition she desired to submit.

Upon leaving the White House, Mrs. Mooney went to the Department of Labor to see Secretary Wilson.

It is understood that the president takes the attitude that any action in Mooney's behalf will now have to be taken by the governor of California.

Prohibition Heals Domestic Discord

Prohibition healed the domestic discord between Alice Jane Heckmann of 1011 Shattuck avenue, Berkeley, and John W. Heckmann, a cook, whom he was suing for separate maintenance.

They had been married in 1908, divorced in 1914, remarried, and again separated last October.

"What seems to be the trouble?" asked Judge Graham.

"To much booze," the husband replied.

"Well, now that the country is dry, don't you think you two could get on?"

Both the husband and the wife were willing to try and walked out of court arm in arm.

NELSON ENLARGING

A. M. Nelson has been doing such a big business in his section of the California Market, corner of Eighth street and Macdonald avenue, that he is forced to enlarge considerably, and will therefore commence doing so at once. Nelson is a live business man.

STRIKE-BREAKERS AND GUARDS IN RICHMOND

Girls From Oakland Exchange Sent Here—Union Men Seeing Red And Trouble Possible—Blanket Warrants Out

The local telephone strike situation has taken on an acute angle and it is not impossible that trouble may grow out of it, as the thousands of members of organized labor in Richmond are very much wrought up over it and some of them are beginning to see red.

Yesterday Traffic Chief Craven arrived from Oakland in a big touring car, bringing with him three or four strike-breaking telephone girls and two guards, all of whom were immediately installed at the local telephone exchange on Second street. The girls are out of the Oakland office and are well versed in the business. The guards take turns patrolling the premises, on the lookout for danger or overt acts of any kind.

Local Girls Worried

The telephones began ringing soon after and the twenty operator girls out on strike got quite excited over the situation and conferred with Business Agent Fred Heckman of the Labor Unions. Heckman had a talk with Calvert, who said he had no knowledge of the action on the part of the company until it was put into operation. Mr. Calvert is in a hard position and sort of between the devil and the deep blue sea.

Just what the outcome may be to this attempt of the telephone company to turn Richmond into a "scab" town as far as the telephone business is concerned, is hard at this time to predict, but it is a safe bet that organized labor of Richmond is not going to put up with that sort of thing if it can help it, and it thinks it can. It can try pretty hard, at any rate.

Labor Takes a Hand

Large meetings were held at Labor Temple last night by a thoroughly aroused crowd of union men and the matter was gone into from its various angels. The News is not permitted to make public the full plans of the union workers, as they are not ready as yet to tip their hand to the enemy, but we will say this much: The telephone company is not going to break up the organization of their working girls here in Richmond; it is not going to get by on any "scab" wage plan in Richmond; and it is not going to win this strike in Richmond.

There are thirty local organized labor lodges in Richmond and every one of them is going to help these girls out and fight the company to the last ditch. The company has recently imported strike-breakers from the east, it is claimed, but the girls brought here yesterday were out of the Oakland office and among those who did not join the strike, of which, however, there are not many, as a large majority of the Oakland girls are out.

Mr. Heckman paid the local girls $15 each yesterday, collected from the unions, among it being $43 from the Santa Fe carmen, $25 from the Hodcarriers, $50 from the Street Railway Carmen, and $23 from the Potters. There are between 3,000 and 4,000 members of organized labor in Richmond and they will be assessed $1 per member for strike purposes right away.

Club Women Help

The ladies of the Richmond Club have notified Heckman that they will aid in any way they can and will see to it that any homeless girl is fully provided for. A few of the striking girls have gone into the country and are working in the fruit. Public indignation is running high against the company in Richmond, over the niggardly policy they have always pursued with their girl employes, and hundreds are heard to say on every hand that they will join a movement to throw the telephones out of the houses and into the garbage cans.

Calvert's Hard Position

George Calvert, manager of the local exchange, is well known and liked by our people. There is probably no doubt but what at heart he recognizes the justice of the girls' demand for pay enough to live on, but as long as he is himself a company employe there is nothing for him to do but obey orders or also quit. He said the guards now on duty are there to protect the property of the United States Government, but he is a bit mistaken in this, inasmuch as last night's telegrams announced that President Wilson had just signed an act providing for the return of telephone and telegraph lines to private companies at the end of this month, so after that date the company cannot hide behind the skirts of the Government as it is doing now. Mr. Calvert also said the girls here were not unionized when they went on strike.

GOOD RIDDANCE

The News is more or less Democratic, but it thoroughly endorses the following editorial from the Oakland Tribune:

"It is reported that Postmaster General Albert Sidney Burleson has tendered his resignation and is to retire from the President's cabinet. It will be a good riddance. Mr. Burleson has caused a lot of trouble and loss and apprehension to the people of the United States. The work of recovering from the regime of Burleson cannot be taken up until Mr. Burleson quits office. Let his resignation, if it has been submitted, be accepted forthwith.

"Discounting all the criticism of the Postmaster that has been influenced by politics, the verdict of the country is that he is an undesirable public official. As denburg or a Witte that he is unlike any denburg or a witte that he is unlike any other type. His offenses against good government and against the idea of a government by law have been many and serious. They range from the unwarranted, unnecessary seizure, for ulterior political purposes, of the telephone, telegraph and cable facilities of the country to the deterioration of the postal administration until inefficiency in the transportation and delivery of mail matter is a national scandal.

"Mr. Burleson, so it is said, is resigning for the good of the Democratic party. But the whole country will benefit. The reasons will figure small in the general rejoicing over the prospect. His immediate successor may not be any better type of official, but there is at least hope."

THINKOGRAPHS

A six-hour airplane mail service from New York to Chicago has been inaugurated. What's the rush? It will be impossible to transmit intoxicants by mail.

We would not be candid if we did not confess our regret at the passing of the mince pie. There can never legally be real mince pie any more. All alleged substitutes are hypocritical and wicked.

The biped hog is the meanest of the species. Take old Dan Stilwell of Hensonville, N. Y. The old rascal has lived to be 93 and is afraid prohibition will cut short his life.

Leslie's has been taking a straw ballot and finds General Leonard Wood leading for the presidency. Go to it, Reps. Maybe you have a chance. Possibly the country is crazy.

The boys are waking up these mornings early in July surprised to find themselves alive. But as a matter of fact the water wagon doesn't kill, provided the water is always boiled before using.

We see in the newspapers that the late Nat Goodwin's cellar was sold at auction and brought $25,000. We don't believe a word of it. Nat would never have died and left that much licker.

It is said the Porto Ricans are getting fairly satisfactory jags out of the commercial perfumes. But even a perfume can't improve the infernal smell of a souse.

WIFE AND HUSBAND READ AND REFLECT

Think Carefully and Act Wisely, By Calling Promptly

The prosperous merchant, successful professional man, and hard-working and well paid wage earners, who have lived in Richmond for years and intend to remain because this is their home, have been paying high rent for and living in old houses that don't suit them. Why? BECAUSE they CAN'T RENT a modernly built cottage or house. Therefore, many have, and others will have to buy a lot and have built one that suits them. GO AND LOOK AT THE FOLLOWING lots—pick out the one whose location suits you best; then CALL ON the undersigned and look at plans of four, five and six-room cottages. Have one built to suit you on easy terms.

ELECTRICAL DINNERS AND DEMONSTRATIONS

We acknowledge receipt of an invitation to attend the electrically cooked dinner given by the electrical contractor dealers, at the building nevt to the postoffice last evening, and only being tied up with work and no way to get away prevented our attendance. We understand it was a very enjoyable affair.

The last one of the dinners we attended was certainly fine, and long to be remembered. It is a certainty that foods cooked by electricity beat any in the world cooked any other way. That is a fact well known now and it was amply demonstrated at that dinner.

Mr. George N. Rooker, manager for the Western States Gas & Electric company, is personally helping the electrical supply dealers in a campaign of education along the lines of cooking and heating by electricity, and Mr. Rooker is a mighty fine fellow, if anybody should ask you.

A large number of Richmond people are putting in the electric ranges and in every instance they are giving splendid satisfaction. Practical demonstration of them are given daily.

Odd Fellows and Rebekahs from all the lodges in Richmond and the East Bay cities will attend the big picnic of the Odd Fellows Band of San Francisco at Tepers Gardens in Oakland Sunday.

GENERAL LABOR NEWS

The employees of the Great Southern Lumber company of Sacramento, Cal., and one of the largest concerns in the world are joining their various unions.

William F. Trowbridge, at Feltonville, now a part of Marlborough, Mass., applied horse power to the shoemaking machinery of 1855. Steam and water power came later.

A reduction in working hours from 52 to 48 a week without loss of pay has been announced at the plant of the General Electric company, Lynn, Mass. The plant employs about 18,000 persons.

An increase of from 10 to 20 per cent in the wages of the 27,000 silk workers in Paterson, N. J., has been granted voluntarily by the owners of the textile workers there, it was announced.

Three thousand men employed in furniture factories at Jamestown, N. Y., went on strike demanding an eight-hour day with nine hours' pay and an additional increase of 10 per cent for all employees.

Because of the seating of W. C. Page, a Newport News negro, as a member of the executive committee of the Virginia Federation of Labor at its recent convention, 2,000 Richmond union men withdrew from the state body.

Railroad employees throughout the United States will be called upon by the Norfolk and Western system employees federation to join in a general strike, unless the railroad administration reinstates the men discharged at Wilcoe, W. Va.

The war has left the French labor unions stronger than before by between 800,000 and 1,000,000 men and women. Recommendations made by the British war cabinet committee on women in industry include the following: That employers and trade unions should make possible the introduction of women in occupations shown by war experience to be suitable by agreements which would protect the interests of the men workers.

An international meeting of the voters of the working class of the United States, Canada, South America, Mexico, of the nations of Europe and other countries has been planned by the Cook County Labor party, and it is proposed to call such a conference for September 6 and 7 at Chicago. Speakers representing each foreign country are to be provided if the plan is carried out, Morton L. Johnson, secretary of the labor party, said.

Employers in the Belgian metallurgic industry have forwarded to Mr. Delacroix, the Belgian premier, a letter on the subject of the eight-hour working day reform. The employers state that they regard the diminution of the working hours as a progressive step, which should rally the good will of all. They ask that a commission be appointed to study the question and to prepare such ways and means of introducing the reform as can be applied as soon as the after-war economic and commercial conditions in Belgium are known.

Glasgow's recent strike cost the borough corporation $58,625. Damage to property and goods stolen represent $24,575; police expenses amount to $32,705, and valuators' fees and other expenses $1,345. It is proposed to meet these claims by special assessment.

Strike-Breakers In Richmond

(Continued from Page 1.)

Same Policy Elsewhere

The same "scab" policy is being worked in other towns beside Richmond, as yesterday, for instance, telephone service was resumed in Redwood City under identical circumstances. Strike-breaking girls were installed there, under the protection of the Jerome Detective Agncy. Beds and provisions were moved into the building and both local and long distance service was opened, after a fashion. The city trustees of that town made a demand upon the company for service.

Other Companies Affected

A general tie-up of ship building, other east bay industries and street car lines may result from the ultimatum service and electrical power companies yesterday by the Electrical Workers' Union of Oakland.

The union forbids its members climbing poles that are joint owned or used by the telephone company and the Pacific Gas & Electric, the Great Western, Western States and the Traction companies. A general strike against these companies will be called if men are discharged for refusal to work on telephone poles.

It appears to be a foregone conclusion that the power companies and the street car companies will refuse to comply with the request, as it will mean the eventual crippling of all industry and transportation if lines are not constantly repaired.

More than half the poles used by the electrical companies and the street car lines are jointly owned with the telephone company.

May Become National

Demand of labor leaders for a nationwide strike of telephone girl operators and electrical workers as a sympathetic protest in support of the Pacific Coast strikers gained force when the central strike committee, meeting in San Francisco, unanimously approved the recommendation of the Santa Barbara strikers for a nationwide sympathetic walkout.

This action was taken after the committee had received from the Santa Barbara local unions of striking telephone workers a recommendation that the San Francisco workers endorse the national strike demand.

Declarations were adopted by the central strike committee demanding that the international officers of the unions call a nationwide strike of all telephone workers, men and women, in support of the Pacific Coast strikers.

TELEGRAPH

(Continued from Page 1.)

It will make the flat pay of the carmen $5 a day.

The action was taken on the recommendation of President T. A. Reardon and William T. Bonsor, president of the San Francisco Labor Council.

If the increase is made good by the supervisors it will require some action to provide the additional $10,000 a month that will be added to the payroll.

TRADE RELATIONS WITH GERMANY OPEN

WASHINGTON, July 11.—Trade relations with Germany are to be resumed at once, Acting Secretary of State Polk announced today, following a conference of more than an hour with President Wilson.

The trading with the enemy act still remains on the statute books, it was pointed out, but business will be carried on under blanket licenses which will permit the importation of practically all products from Germany, with the exception of potash, chemicals and dyes. The ban on communications with Germany also will be lifted immediately, it was stated.

NATIONAL FOOD SUPPLY IN GRIP OF PACKERS

WASHINGTON, July 11.—The "Big Five" meat packers will soon exercise a powerful domination over the nation's food supply and international control of meat products unless Congress takes some immediate steps to forestall these aims, the Federal Trade Commission today reported to President Wilson.

"An approaching packer domination of all important foods in this country and an international control of meat products with foreign companies seems a certainty unless fundamental action is taken to prevent it," says the report, which is part of the commission's investigation of the meat industry.

MACCABEE LADIES ANNUAL PICNIC

The W. B. C. A. of the Maccabees will hold their annual picnic at East Shore Park, Tuesday, July 15th. The committee, composed of Mrs. Downing, Mrs. Schramm and Mrs. Silva, are making plans for a jolly good time for all those attending.

Don't forget! July 15. jy12-2

ELKS TANGLE WITH SHIPLEYS TOMORROW

The opening of the midsummer baseball season is scheduled to take place Sunday afternoon at 2:30 o'clock at the First street ball park, between the crack local Elks team and the hard-hitters of the Shipley Construction company. Each team is betting a million dollars that the other will not have a look-in.

LIBRARY STORY HOUR

Story hour will be held in the children's room at the library this afternoon with Miss Edith Pickett as the story teller.

The stories will be "The Blue Robin" and "The Sleeping Beauty."

NEIGHBORS DISAGREE

Mr. ad Mrs. J. Kole and J. Powle, all of Scenic avenue, were arrested and arraigned before Judge Odell on a charge of disturbing the peace made by S. F. Bagley, 46 Scenic avenue.

The trial will be held next Tuesday morning.

The charges came out of a disagreement during which Bagley claims the defendants became abusive.

Worry is the mother of sick nervous and troubled mentality, it upsets the stomach, bowels and kidneys. You feel bad all over. Hollister's Rocky Mountain Tea soothes and freshens the stomach, bowels and kidneys. Regulates, cleanses, purifies. Tea or Tablets 35c.

Daddy Long Legs Again On Today

One of the funniest of all the humorous things with which Mary Pickford's new and best feature, "Daddy Long Legs," which will be seen at the Richmond Theatre today, is loaded in a series of scenes in which Mary, as Judy Abbott, takes too much hard cider.

The funny little "drunk" is not indulged in by Judy Abbott, the orphan child Miss Pickford plays, with malice aforethought. It happens that she and a funny little orphan with a very freckled face have just lead a "prune strike" in which they have sought to obtain better food for the children of the asylum, who are fed on thin soup and prunes.
